

1996-2011
15
YEARS

Determination. Endurance.

That's what it takes to handle construction underwriting and program administration for the past 15 years. When it comes to construction underwriting, we stand alone.

Since January 1, 1996, Oryx has approached the marketplace differently than our competitors. We credit our survival and continued growth on a few key measures:

- Our AGENTS! A strong distribution network is key to our ongoing success. You are the conduit to the customer and make the ultimate decision to utilize the Oryx program. We owe our existence to your persistence. *Thank you!*
- Oryx has grown from a Monoline, single state MGA to a multi-state, multi-line program administrator capable of providing you the benefits of full integration between underwriting, claims management and proactive loss control services.

The ability to retain, adapt and grow is a direct reflection of the support we receive from every agent and insured. *Thank you for your continued patronage!*
